DEVICES FOR COMBUSTIBLE AND NON-COMBUSTIBLE PENETRANTS

# Cast-In Tub Box

The Cast-In Tub Box creates an open space for plumbing piping on the top surface of your concrete floor. The Tub Box combines with the 2" & 3" Cast-In Device and eliminates the need for core drilling or additional firestopping.

## Features & Benefits

- Partners with 2" & 3" SpecSeal Cast-In Device
- Easily installs directly to concrete forms
- Installs in concrete floors as thin as 4-1/2"
