EZ-Firestop® Grommets are a molded, two-piece grommet with an integral fire and smoke sealing foam membrane for sealing small cable penetrations through framed wall assemblies. Grommet snaps together around cable(s) and locks tightly into the wall.

Applications
EZ-Firestop® Grommets are designed to permanently seal small cable penetrations through drywall.

Specifications
For small cables penetrating gypsum board/stud wall assemblies, the firestop shall consist of a molded, two-piece grommet having a foam fire and smoke sealing membrane that conforms to the outside diameter of the individual cable. The grommet product shall be capable of locking into place to secure the cable penetration within the wall assembly. The grommet shall be UL Certified and tested to the requirements of ASTM E814 (UL1479) and CAN/ULC-S115.

Performance
EZ-Firestop® Grommets were tested to meet the exacting criteria of ASTM E814 (UL1479) and CAN/ULC-S115. Tested systems provide up to 2 hour fire ratings for small cable penetrations in gypsum board/stud wall assemblies.

Features & Benefits
- One or more cables with total O.D. up to 0.27” (7 mm) for RFG1
- One or more cables with total O.D. up to 0.53” (14 mm) for RFG2
- Easy firestop & smoke seal for a small cable penetrations through fire-rated walls
- For use in gypsum board wall (i.e. drywall) construction
- Tested to ASTM E814 (UL1479) and CAN/ULC-S115
- Rated for use in plenums

Maintenance
No maintenance of the grommet is normally required.

System Selection
To find your firestop system or create a submittal, visit https://systems.stifirestop.com/ to use System Search & Submittal Builder. You may also visit the UL Online Certifications Directory/UL Product iQ™ for complete listings. (Firestop Systems).

Technical Service
Specified Technologies Inc. provides toll free technical support to assist in product selection and appropriate installation design. UL System designs suitable for submittal or specification purposes are available on request. A complete library of technical information is provided at the company’s website www.stifirestop.com including Safety Data Sheets (SDS’s).

Precautionary Information
No unusual hazards are known or expected. Observe normal safety procedures during installation.

Availability
EZ-Firestop® Grommets are available from Specified Technologies Inc. (STI) authorized distributors. For additional purchasing and technical information or for the names and locations of the nearest representative and/or distributor, regarding this and other Specified Technology products, please call 1-800-992-1180 or visit www.stifirestop.com.
