### INSTALLATION INSTRUCTIONS

**Series 44+ EZ Path® Vertical Multi-Gang Wall Bracket**  
(Part Number: EZP544WV)

---

1. **Cut hole in the wall.** Refer to table A for opening requirements.

2. **Align intumescent tape/gasket (provided) with bottom edge of flat, solid surface of each wall bracket.** Peel back paper to expose pressure sensitive adhesive and adhere gasketing to each bracket prior to installation.

3. **Assemble wall plates using included nuts and bolts.**

4. **Install one small plate onto left side of the first EZ-Path® device.**

---

Series 44+ EZ Path® Vertical Multi-Gang Wall Bracket
(Part Number: EZP544WV)

5
Install one small plate onto right side of the first EZ-Path® device.

6
Install one large plate onto left side of another EZ-Path® device.

7
Install another large plate onto right side of the same EZ-Path® device.

8
Stack devices and screw plates together on both side of stacked devices.

9
Install stacked devices into the framed wall.

10
Fasten brackets to the wall by inserting appropriate fasteners (not provided) into predrilled holes. For gypsum board/stud wall assemblies, use minimum 1/8” (3.2 mm) diameter Type G steel screws (NOTE: Brackets must be secured to wall framing members). For concrete or concrete block walls, use minimum 3/16” (4.8 mm) diameter steel concrete screws.

11
Screw plates to device.
